nThrive Discusses Improving Patient Satisfaction and Increasing Cash Flow Velocity at HIMSS 2017

The most comprehensive revenue cycle improvement resource invites attendees to join a panel discussion at HIMSS 2017

Orlando, Florida, February 19, 2017 – nThrive™, an independent Patient-to-PaymentSM solutions company will showcase its revenue cycle portfolio and thought leadership at the 2017 HIMSS Conference. The company will also be receiving a category leader award from KLAS.

nThrive will host a Lunch and Learn panel discussion focused on how market trends shape the holistic, integrated revenue cycle of the future - particularly a sophisticated, comprehensive Patient Access solution. The panel will reveal how health care organizations can maximize cash flow and increase the level of patient satisfaction. The two industry expert presenters will relate organizational Patient Access challenges, the approach to resolve the problems, and the results and outcomes achieved through focus on the front end of the revenue cycle. The Lunch and Learn panel discussion will be held Monday, February 20, 2017, from 11:15 a.m. to 12:15 p.m. at Room 202C. A full lunch and beverages will be provided. Register for the Lunch and Learn, "How improvements in Patient Access can save the health of your business" [here](#).

Also at HIMSS, nThrive will be awarded 2017 Category Leader in Transcription at the KLAS Awards Reception on Sunday, February 19th. nThrive consistently demonstrates industry leadership with its long history of excelling in Transcription Services with awards for Best in KLAS in the 2014, 2013 and 2012 KLAS Software and Services Report. The Best in KLAS report recognizes companies that have made significant strides to improve health care.

The esteemed Category Leader rankings are awarded by considering 25 performance criteria in five categories. nThrive's combination of technology, processes and services accelerates turnaround time, reduces costs, minimizes capital outlay and transforms dictation into meaningful clinical information for ultimate patient care while achieving financial goals.

In the exhibit hall, visitors to nThrive booth #4995 can participate in a hands-on demonstration and learn how patients find coverage and meet financial obligations, plus partner with health care provider to optimize revenue cycle functions using nThrive's Patient Access Management tools.

HIMSS attendees can explore other aspects of the nThrive portfolio, including:

- Patient Access platform

- Revenue cycle advisory solutions and outsourcing services
- KnowledgeSource®, nThrive's preeminent data source for all coding regulations
- nThrive Education revenue cycle eLearning and competency management solution
- nThrive Analytics platform that drives hospital and practice improvement insights
- MACRA Management Solution

About nThrive

From patient-to-payment, nThrive provides all the technology, advisory expertise, services, analytics and education programs health care organizations need to thrive in the communities they serve. Formerly known as MedAssets, Precyse and Equation, nThrive is built on a legacy of excellence. Most recently, nThrive acquired Adreima, a provider of patient-centered, clinically integrated revenue cycle services that help patients find coverage and meet their financial obligations, while partnering with health care providers to optimize revenue cycle functions. While the individual companies were leaders in their own right, they have combined talents and capabilities into a single enterprise. For more information, please visit www.nThrive.com.
