Here's what our clients say

“Eight military **veterans became medical coders** through nThrive Education...”

WAKE FOREST BAPTIST HEALTH

“I had no idea how **incredible** the nThrive Education site really is! I thought it was just for earning CEUs ... There is so much more to it ... I hope you will be as amazed as I was! I had a total **‘where have you been all my life?’** reaction ...”

HEALTHCARE ORGANIZATION DIRECTOR IN A NOTE TO HER COLLEAGUES

“**It allowed our folks to cross over.** Once the coders got into it, they saw some things they would like to learn on the billing side for more understanding. It **enhanced their education** rather than the coders going to AHIMA and the finance folks to HFMA. This was a broader scope. In fact, some of the **physician groups are looking at it for training.**”
